Coffee Pot Capacity	450ml (Max), 350ml (Actual)
Dripper Dimensions	7.5*10.5*10.5cm (with Handle)
Mugs Capacity	250ml (Max) / 200ml (Actual)

Kettle Capacity	600ml
Scale Capacity	3kg (Max), 0.1g Precision
Filter Paper	V60-02,100pcs (Bleached Paper)
Reusable Filter	Stainless Steel V60-02,140g
Carrying Case Material	PP Outer Shell, EPE Protective Foam
Carrying Case Dimensions	17*26*34cm
Total Kit Weight	1.5kg

Product Features

A. Adjustable grinder: This coffee maker set includes an adjustable grinder, allowing you to grind fresh coffee beans to your preferred coarseness, ensuring a flavorful and aromatic brew every time.

B. Pour-over dripper: The pour-over dripper is designed for a clean and controlled brewing process, helping you achieve a smooth and balanced cup of coffee with minimal effort. It ensures a consistent flow of water for optimal extraction.

C. 600ml gooseneck kettle: The kettle features a gooseneck spout that provides precise pouring control, allowing you to pour water over your coffee grounds in a slow and steady stream for better extraction and flavor balance.

D. Precision scale with timer: The integrated precision scale provides 1g accuracy to measure your coffee grounds and water, while the built-in timer helps you keep track of your brewing time for the perfect cup of coffee every time.

E. Stainless steel cups: The set includes two sturdy stainless steel cups that not only add a sleek touch to your coffee setup but also ensure durability and long-lasting use, keeping your coffee warm for longer.

Product Components

1. Coffee Kettle

2. Coffee Dripper

3. Coffee Pot

4. Coffee Grinder

5. Filter Paper

6. Exquisite Box

7. Coffee Cups

8. Coffee Scale

Usage Instructions

1. Add Coffee Beans

Begin by adding your desired amount of coffee beans into the coffee grinder. This step is crucial to ensure you have enough grounds for your coffee.

2. Adjust the Degree of Abrasiveness

Next, adjust the grind settings to control the coarseness of the coffee beans. The grind size will impact the strength and flavor of your coffee, so select according to your preference.

3. Grind Coffee Beans

Turn the grinder to begin grinding the coffee beans. Depending on your grind size setting, the grinding process will vary, so make sure to grind the beans until you achieve the desired consistency.

4. Pour the Coffee Powder

Once the beans are ground, carefully pour the coffee powder into your brewing filter or pour-over cone. This ensures a smooth and even extraction for your coffee.

5. Pour in the Hot Water

Heat water to the appropriate temperature (usually between 90°C and 96°C). Gently pour the hot water over the coffee grounds in a circular motion, ensuring even saturation. This step is essential for releasing the full flavor of the coffee.

6. Pour the Coffee into the Cup

Finally, pour the freshly brewed coffee from the filter into your cup. Enjoy your perfectly brewed cup of coffee.

Safety Precautions

1. Handle with Care: Always use the coffee equipment carefully to avoid burns from hot liquids or steam.

2. Electrical Safety: Ensure the electrical components, such as the

kettle or grinder, are used with the proper voltage and are connected securely.

3. Use on Stable Surfaces: Place the coffee equipment on a flat and stable surface to prevent accidents.

4. Avoid Overheating: Do not leave the kettle unattended when heating water to prevent overheating or damage to the equipment.

5. Keep Out of Children's Reach: The hot water and sharp tools in the kit should be kept away from children.

6. Proper Cleaning: Clean the equipment regularly according to the manufacturer's instructions to maintain hygiene and prevent malfunction.

7. Check for Damage: Inspect the coffee maker and related equipment for any damage before use to ensure safety during operation.

8. Do Not Submerge Electrical Components: Keep the kettle and grinder's electrical parts away from water to avoid short circuits or electric shock.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at [**https://www.greenlion.net/warranty**](https://www.greenlion.net/warranty) and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
