## Safety Precautions

1. Do not use with devices that require more than 45W.
2. Do not disassemble.
3. Avoid exposure to heat, fire, or ambient temperatures above 60°C (140°F). Keep out of direct sunlight.
4. Do not short-circuit.
5. Do not subject the product to mechanical shock.
6. Keep away from children. Adult supervision is required.
7. Protect the product from rain, water, humidity, and any liquids or moisture, as they can contain minerals that may corrode electronic circuits.
8. During charging, the surface temperature of the charger may rise. Do not cover the charger.
9. The charging process will stop automatically if over-voltage, over-current, or over-temperature protection is activated. Charging will resume once the conditions return to normal.

### **Important Note:**

Please follow the above safety instructions carefully. Failure to do so may result in fire, electric shock, or other damage.

**Environmental Protection:** The product has a lifespan of up to 10 years.

## Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.
