Important Safeguards

1. Please read this manual carefully before using the product and retain it for future reference.
2. This product is intended for personal use only and is not suitable for commercial use. It should not be used outdoors and must be kept away from heat, moisture, sharp objects, direct sunlight, and liquids. Do not use the product when wet. If the product falls into water, immediately unplug it.
3. Before cleaning or storing the product, ensure that it is turned off or unplugged. Always unplug the product by pulling the plug, not the power cord. Keep the product's accessories in a safe place.
4. Do not use the product without supervision. If you need to leave it unattended, turn off the power or unplug the device.
5. To prevent potential harm to children, ensure that the product and power cord are kept out of their reach.
6. Regularly inspect the product and power cord. If you notice any damage, do not continue to use the product.
7. Always use the original accessories with this product.

Safety Warnings

- 1. Warning:** The soleplate heats up quickly when the iron is powered on and takes time to cool down. Do not touch the soleplate to avoid burns.
- 2.** When not in use during ironing, place the iron on a stable surface.
- 3.** After use, allow the soleplate to cool down completely before storing the iron.
- 4.** If you lend the product to others, ensure it is handed over with the manual.
- 5.** Never leave the iron powered on without supervision.
- 6.** Always use the iron on a stable surface.
- 7.** If the iron is accidentally dropped and shows visible damage, do not continue to use it.
- 8.** This product is not a toy. Do not give it to babies or children to play with.
- 9.** If the power cord is damaged, replace it only with a cord provided by the manufacturer or an authorized service provider.
- 10.** This product is not suitable for pressing linen.

Usage Instructions

- 1.** Connect the plug to the power supply.
- 2.** Wait for the indicator light to stay on for 3-5 minutes before use.
- 3.** Unplug the appliance after use.

Storage Guidelines

- 1.** Allow the iron to cool down completely before storing.
- 2.** Gently wind the power cord and avoid winding it around the iron.

Cleaning and Maintenance

- 1.** Always turn off the power before cleaning.
- 2.** Clean the package with a soft, wet cloth.
- 3.** Wipe the iron with a soft, wet cloth. Avoid using abrasive materials.

4. To remove stains from the surface of the iron, use a wet cloth dipped in a vinegar-water mixture.

FCC Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference; and

(2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.
