Product Overview

The Green Lion Qi2.2 Tri-Charge Wireless Charger is a sleek, pocket-sized charging solution featuring a foldable design for easy storage and portability. It offers 3-in-1 high-speed wireless output, supporting fast charging up to 25W for multiple devices. With a durable zinc alloy shell and a 45W USB-C input, it combines practicality and style, providing a convenient charging experience for your phone, smartwatch, and other devices.

Specifications

Material	ABS + Zinc Alloy
Magnet	N52 x 16 pcs
Input Port	USB-C
Power Input	9V/3A, 12V/3A, 15V/3A
Phone Output	25W/15W/10W/7.5W
Earbuds Output	5W
Watch Output	Up to 5W

Product Weight	138 g
Folded Dimensions	24*59*78 mm
Expanded Dimensions	12*59*178 mm
Model No	GWC-12

Folding Methods

Safety Precautions

Please pay attention to the following to ensure safe and efficient charging:

1. Place your phone, watch, or headset in the correct charging area.
2. Use a fast charger (15V/3A) that can charge three devices simultaneously while maintaining the fastest charging speed. Note: 9V/3A and 12V/3A chargers can only provide normal charging speeds.
3. The ideal charging distance is 8-2mm. Avoid using protective covers thicker than 3mm.
4. Ensure there are no metal or magnetic objects within 6 cm of the center back of the device during charging.
5. Lower temperatures result in faster charging speeds. Winter charging speed is typically slower than in summer.
6. Do not charge in high-temperature or humid environments to prevent damage to the circuit.
7. Keep the device out of reach of children to avoid accidents.

FCC Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference; and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may

cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

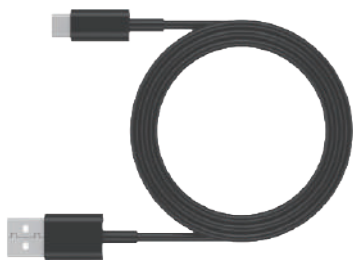

Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for assistance.

RF warning statement:

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

Packing List

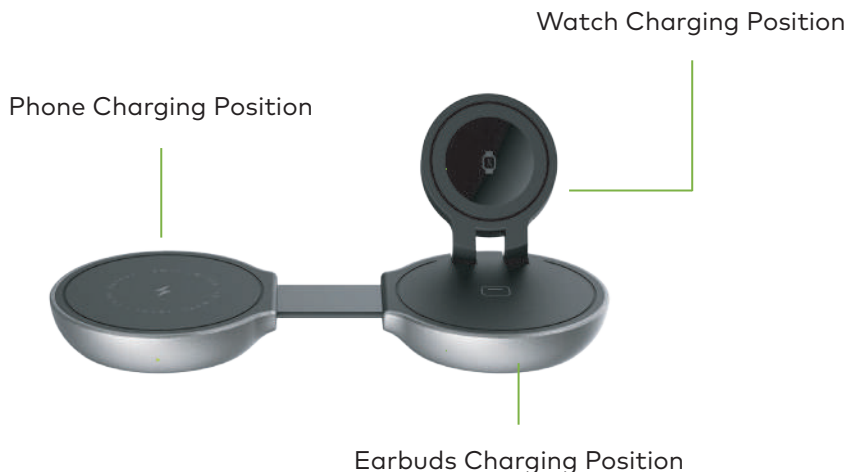

USB-C to USB-C Charging Cable (1M)

Magnetic Wireless Charger

Product Section
