Product Overview

The Porodo Wave-Sensor Rechargeable LED Headlamp is a compact and efficient lighting solution designed for hands-free convenience. It features hand-wave sensor control, allowing users to turn the light on or off effortlessly without physical contact. The headlamp offers multiple lighting modes for various situations and delivers up to 150 lumens of brightness. Its adjustable elastic headband ensures a comfortable and secure fit, while the USB rechargeable battery makes it both eco-friendly and easy to power. Built for practicality, it also includes a 30° adjustable tilt, providing versatile illumination for outdoor adventures, work, or emergencies.

Specifications

Input	5V/0.5A
Brightness	150 Lumens
Sensor Range	~10cm
Recharge Time	2H
Runtime	2.5H ~ 6H
Battery Capacity	800mAh

Charging Port	Type-C
Net Weight	56g
Model Number	PDHDG08

Safety Precautions

A. NOTES

1. The headlamp is fully rechargeable via USB, so there’s no need to buy additional batteries.
2. With a 2-hour charge, the headlamp provides up to 6 hours of low light.
3. Batteries are pre-charged to approximately %90–80, allowing immediate use. However, it’s recommended to fully charge the battery before first use.
4. Avoid letting the battery fully discharge before recharging.
5. Once fully charged, disconnect the USB charging cable.
6. Keep the battery away from extreme temperatures, especially heat.
7. Do not attempt to open the battery compartment.

B. WARNING

Children under 6 years old should not use this product without adult supervision.

Setup Guide

A. Normal Lighting Modes

Press the switch button to enter the 5 normal lighting modes.

White Light
Warm Light
White and Warm Light
