GK-600
KIDS WIRELESS HEADPHONE

SKU: GNGK600WHP

Model No: GK-600

# Table of Contents

Product Overview

The Green Lion GK-600 Kids Wireless Headphone is designed specifically for children aged 3 and above, offering a fun and safe listening experience. Featuring soft padded ear cushions and an adjustable headband, it ensures comfort during extended use. The headphones provide up to 20 hours of playtime and include a built-in microphone for easy communication. With LED light designs, volume-safe sound limits, and wireless playback, the GK-600 combines entertainment and safety. Its kid-friendly controls and playful design make it the perfect audio companion for young listeners.

Specifications

Model No	GK-600
Material	PP, ABS, Fabric
Input	5V/1A
Battery Capacity	200mAh, 3.7V
Charging Interface	Type-C
Playtime	20 Hours (LED Lights OFF), 5 Hours (LED Lights ON)

Standby Time	60 Hours
Charging Time	2 Hours
Bluetooth	V5.4
Transmission Range	Up to 10 M
Speaker	40mm
Impedance	32Ω
Frequency Response	20 Hz–20 kHz
Product Weight	115 g
Product Dimensions	65*163*170 mm

Product Diagram

1. Next Track / Volume Up

1.1 Short press to increase the volume.

1.2 Press and hold for approximately 2 seconds to skip to the next track.

2. Function Button

2.1 Press and hold for 3 seconds to power on.

2.2 Press and hold for 4 seconds to power off.

2.3 Short press to play or pause music, or to answer or end a call.

2.4 Double press to redial the last dialed phone number.

2.5 Press and hold for 1 to 2 seconds to reject an incoming call.

3. Previous Track / Volume Down

3.1 Short press to decrease the volume.

3.2 Press and hold for approximately 2 seconds to return to the previous track.

4. LED Indicator: Displays the operating and charging status of the headset.

5. Type-C Charging / Audio Port

6. Microphone

Instructions for Use

1. Charging the Headphones

Insert the Type-C charging cable into the Type-C port located on the right earcup. Connect the other end of the cable to a computer USB port or a USB-compatible wall or car charger. A red LED indicator will illuminate to indicate that the headphones are charging. When charging is complete, the LED will turn blue. The approximate charging time is two hours.

2. Powering On and Off

2.1 To Power On: Press and hold the Function Button for approximately three seconds until the LED indicator lights up.

2.2 To Power Off: Press and hold the Function Button for approximately four seconds until the LED indicator turns off.

3. Pairing and Connecting with a Bluetooth Device

3.1 Power on the headphones.

3.2 To enter pairing mode, ensure the red and blue LED indicators flash alternately. This indicates that the headphones are ready to pair.

3.3 On your Bluetooth-enabled device, open the Bluetooth settings menu.

3.4 Enable Bluetooth and search for new devices.

3.5 Select "GK-600" from the list of available devices. A solid blue LED will indicate that the connection has been successfully established.

3.6 Once paired, the headphones will automatically reconnect to the previously used device when both are powered on and within range.

Note: The headphones will automatically power off after five minutes of inactivity to conserve battery life.

4. Playing Audio

4.1 Once the headphones are connected via Bluetooth, open your preferred music or media application and begin playback.

4.2 Use the buttons on the headphones to control audio and phone functions.

a. Press the appropriate buttons to adjust the volume, skip tracks, or pause and resume playback.

b. Press the Function Button once to answer or end a call.

c. Press and hold the Function Button for one to two seconds to reject an incoming call.

All audio from your connected device, including music, videos, games, and notifications, will be played through the headphones.

Troubleshooting

1. Headphones Do Not Power On
If the headphones do not power on, recharge them using the supplied Type-C charging cable. Ensure that the cable is securely connected to both the headphones and a compatible power source. Allow the headphones to charge for at least a few minutes before attempting to power them on again.

2. No Audio Playback via Bluetooth
If music or other audio does not play through the headphones, ensure that your Bluetooth device supports the A2DP (Advanced Audio Distribution Profile), which is required for audio playback. Verify that the headphones and your Bluetooth device are properly paired and connected. If the issue continues, restart both the headphones and your Bluetooth device, then reconnect them. Confirm that the volume on both devices is set to an audible level and that no other device is currently connected to the headphones.

3. Bluetooth Device Fails to Reconnect
If your Bluetooth device does not automatically reconnect to the headphones, open the Bluetooth settings menu on your device. Locate "GK-600" in the list of paired devices and select "Forget" or "Remove" to delete the previous connection. Then follow the standard pairing procedure to reconnect the headphones. Alternatively, press and hold the Function Button on the headphones while they are powered on to disconnect from all previously paired devices. After disconnecting, repeat the pairing process to connect to your desired device.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **https://www.greenlion.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
